

# Traffic Counter System

## Solution Zone

Harnessing Murata's cutting-edge sensing technology, the Traffic Counter System delivers comprehensive traffic information, safety alerts, efficient traffic management, and autonomous driving support. Cost-effective and reliable "Sensor Boxed" design, which is easy to attach and maintain without the need for cable installation.

### Key Features / Advantageous

### Key Applications / Use Cases

**Traffic Management**

**Weather Information**

**Transportation Management**

**Bridge Health Monitoring**

**Viewer Measurement**
