# PKM22EPH2003

Note: This datasheet may be out of date. Please download the latest datasheet of PKM22EPH2003 from the official website of Murata Manufacturing Co., Ltd.

http://www.murata.com/en/products/productdetail?partno=PKM22EPH2003

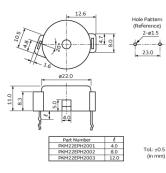

Discontinued RoHS REACH

Applications

| Unsuitable   | Please be sure to read and comply with     |  |  |
|--------------|--|--|--|
| Applications | hese "Precautions for use."                |  |  |
|              | Consumer equipment,Industrial              |  |  |
|              | Equipment                                  |  |  |
|              | Please refer to Our Website and            |  |  |
|              | specifications, etc. for information about |  |  |
| Specific     | the performance, functions, quality,       |  |  |
| Applications | management, and safety required for        |  |  |
|              | the above applications, and use            |  |  |
|              | Products after confirming the              |  |  |
|              | performance and reliability of the actual  |  |  |
|              | Product.                                   |  |  |

### Appearance & Shape

### Packaging Information

| Packaging | Specifications | Standard<br>Packing<br>Quantity |
|-----------|----------------|---------------------------------|
| -         | Bulk           | 270                             |

Externally driven piezoelectric sounders are used in digital watches, electronic calculators, telephones and other equipment. They are driven by a signal (ex.: 2048Hz or 4096Hz) from an LSI and provide melodious sound.

#### Features

- 1. Low power consumption
- 2. No noise and high reliability

#### Attention

1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued

without advance notice. Please check with our sales representatives or product engineers before ordering.

2. This datasheet has only typical specifications because there is no space for detailed specifications.

Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

Product Data

The following are examples of externally driven circuits. (1) Unstable multi-vibrator using Tr.

(2) Circuits using inverters or NAND gates.

**Frequency Response** 

**Recommended Circuit**
