### BNX024H01#

"#"at the end indicates the package specification code.

In Production AEC-Q200 RoHS REACH

< List of part numbers with package codes > BNX024H01B BNX024H01K BNX024H01L

### Applications

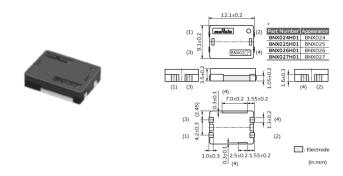

| Unsuitable   | Please be sure to read and comply with     |  |
|--------------|--|--|
| Applications | these "Precautions for use."               |  |
|              | Automotive powertrain/safety equipment,    |  |
|              | Automotive infotainment/comfort            |  |
|              | equipment,Consumer equipment,              |  |
|              | Medical equipment [GHTF A/B/C]             |  |
|              | except for implant & surgery & auto        |  |
|              | injector,Industrial Equipment              |  |
| Specific     | Please refer to Our Website and            |  |
| Applications | specifications, etc. for information about |  |
|              | the performance, functions, quality,       |  |
|              | management, and safety required for        |  |
|              | the above applications, and use            |  |
|              | Products after confirming the              |  |
|              | performance and reliability of the actual  |  |
|              | Product.                                   |  |
| Recommended  | Automotive powertrain/safety equipment     |  |
| Applications |  |  |

### Packaging Information

|           |                     | Standard |
|-----------|---------------------|----------|
| Packaging | Specifications      | Packing  |
|           |                     | Quantity |
| В         | Bulk(Bag)           | 100      |
| К         | 330mm Embossed Tape | 1500     |
| L         | 180mm Embossed Tape | 400      |

### Appearance & Shape

#### Attention

1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued

without advance notice. Please check with our sales representatives or product engineers before ordering.

2. This datasheet has only typical specifications because there is no space for detailed specifications.

Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

## BNX024H01#

Note: This datasheet may be out of date. Please download the latest datasheet of BNX024H01# from the official website of Murata Manufacturing Co., Ltd.

http://www.murata.com/en-gb/products/productdetail?partno=BNX024H01%23

"#"at the end indicates the package specification code.

BNX024H/025H/026H/027H (Block Type EMIFIL for automotive) is EMI suppression filter supporting large current, wide frequency. And it also supports SMD mounting. This product is effective for noise suppression

for DC switching line of automotive device and FA/OAdevice, because it covers wide temperature range from -55C degrees to 125 C degrees.

#### Features

- 1. Supporting large current (20A)
- 2. Supporting wide frequency range
- From 40kHz to 1GHz:35dB min.(BNX027)
- 3. Suitable for miniaturization with SMD shape.

#### Applications

Automotive devices/Displays (PDP/LCD-TV)/ Digital AV equipments/Amusement equipments/ PC peripheral equipments/Industry equipments/ Measurement equipments/Power supplies

#### Attention

### Product Data

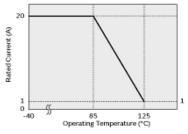

#### Insertion Loss Characteristics

In operating temperature exceeding +85°C, derating of current is necessary for BNX024H/025H/026H/027H series. Please apply the derating curve shown in chart according to the operating temperature.

Derating of Rated Current

Derating of Rated Current
