

Note: This datasheet may be out of date. Please download the latest datasheet of LQH2HPZ4R7MJR# from the official website of Murata Manufacturing Co., Ltd.

http://www.murata.com/en-sg/products/productdetail?partno=LQH2HPZ4R7MJR%23

## LQH2HPZ4R7MJR#

"#"at the end indicates the package specification code.

Size Code 2520 (1008) in mm (in inch), 1.2mm max. Thickness。 Low DC resistance design

< List of part numbers with package codes > LQH2HPZ4R7MJRL

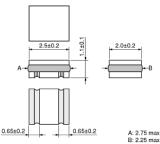

## Applications

| Unsuitable               | Disease he sure to read and comply with                                 |  |
|--------------------------|---|--|
|                          | Please be sure to read and comply with                                  |  |
| Applications             | these "Precautions for use."  |  |
| Specific<br>Applications | Consumer equipment,Automotive<br>infotainment/comfort equipment,Medical |  |
|                          | equipment [GHTF A/B/C] except for                                       |  |
|                          | implant & surgery & auto injector,                                      |  |
|                          | Industrial equipment except for   |  |
|                          | transportation & facility & energy                                      |  |
|                          | equipment   |  |
|                          | Please refer to Our Website and   |  |
|                          | specifications, etc. for information about                              |  |
|                          | the performance, functions, quality,                                    |  |
|                          | management, and safety required for                                     |  |
|                          | the above applications, and use   |  |
|                          | Products after confirming the   |  |
|                          | performance and reliability of the actual                               |  |
|                          | Product.  |  |
| Recommended              | Automotive infotainment/comfort   |  |
| Applications             | equipment   |  |

(in mm)

Attention

1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued

without advance notice. Please check with our sales representatives or product engineers before ordering.

2. This datasheet has only typical specifications because there is no space for detailed specifications.

Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

"#"at the end indicates the package specification code.

### When rated current is applied to the products, inductance will be within ±30% of initial inductance value range. Keep the temperature (ambient temperature plus self-generation of heat) under 125°C. When rated current is applied to the products, temperature rise caused by selfgenerated heat shall be limited to 40°C max (ambient temperature 85°C max). When rated current is applied to the products, temperature rise caused by self-generated heat shall be limited to 20°C max (ambient temperature 85°C to 105°C).

## Specifications

| L size   | 2.5±0.2mm                 |
|--|---------------------------|
| W size   | 2.0±0.2mm                 |
| T size   | 1.1±0.1mm                 |
| Size code inch (mm)  | 1008 (2520)               |
| Inductance   | 4.7µH±20%                 |
| Inductance Test Frequency  | 1MHz                      |
| Rated current (Isat) (Based<br>on Inductance change)                     | 1230mA                    |
| Rated current (Itemp)  | 1290mA(Ambient temp.85°C) |
| (Based on Temperature rise)  | 770mA(Ambient temp.105°C) |
| Max. of DC resistance  | 0.204Ω                    |
| DC resistance  | 0.17Ω±20%                 |
| Operating Temperature<br>Range (Self-temperature<br>rise is included)    | -40℃ to 125℃              |
| Operating Temperature<br>Range(Self-temperature rise<br>is not included) | -40°C to 105℃             |
| Class of magnetic shield   | Shielded (Magnetic Resin) |
| Self resonance frequency<br>(min.)                                       | 40MHz                     |
| Brand  | Murata                    |
| Series   | LQH2HPZ_JR                |
