## 935154521410-xxT

There can be several part numbers depending on packing configurations and electrode surface materials. Please see the following part numbers for standard products of this item.

935154521410-T3T, 935154521410-W0T

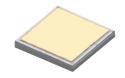

### Applications

| Unsuitable               | Please be sure to read and comply with these "Precautions for use." |  |
|--------------------------|---|--|
| Applications             |   |  |
| Specific<br>Applications | Consumer equipment,Industrial<br>Equipment,Medical equipment [GHTF  |  |
|                          | A/B],Medical equipment [GHTF C],                                    |  |
|                          | Mobile Electronics, Mobile  |  |
|                          | Communication, Consumer Electronics -                               |  |
|                          | Differential Transmission, HDD, Double                              |  |
|                          | feed detection  |  |
|                          | Please refer to Our Website and                                     |  |
|                          | specifications, etc. for information about                          |  |
|                          | the performance, functions, quality,                                |  |
|                          | management, and safety required for                                 |  |
|                          | the above applications, and use                                     |  |
|                          | Products after confirming the                                       |  |
|                          | performance and reliability of the actual                           |  |
|                          | Product.  |  |
| Recommended              | Optical Module,Broadband  |  |
| Applications             | communication   |  |

### Attention

1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued

without advance notice. Please check with our sales representatives or product engineers before ordering.

2. This datasheet has only typical specifications because there is no space for detailed specifications.

Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

Please download the latest datasheet of 935154521410-xxT from the official website of Murata

http://www.murata.com/en-sg/products/productdetail?partno=935154521410-xxT

### I Ultra large band performance higher than 26GHz

- I Resonance free and phase stability
- I Unique capacitance value of 1nF in 0101
- I High stability of capacitance value over temperature, voltage and aging
- I Ultra low ESR and ESL and high reliability
- I Compatible with standard wire bonding assembly (ball and wedge)

(please refer to our Assembly Application Note for more details)

| Series   | UWSC                       |
|--|----------------------------|
| Applications   | Broadband,Power Amp for RF |
| Features   | High Frequency             |
| Mounting Method  | Wire-bonding vertical      |
| Operating Temperature<br>Range                                 | -55℃ to 150℃               |
| Size Code (in inch)  | 0202                       |
| L x W (size)   | 0.50 x 0.50mm              |
| Frequency  | 26GHz+                     |
| Breakdown Voltage (For the rated voltage, please see the FAQ.) | 150Vdc                     |
| Capacitance  | 1nF                        |
| Thickness  | 100µm                      |
