information provided may not be the most current. Please download the latest datasheet of CFULB455KF1Y-B0 from the official website of Murata

Note: If you have not downloaded this document from our official website, please note that the

# CFULB455KF1Y-B0

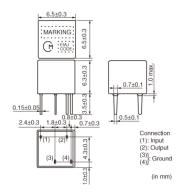

### **Applications**

| Unsuitable               | Please be sure to read and comply with     |  |
|--------------------------|--|--|
| Applications             | these "Precautions for use."               |  |
| Specific<br>Applications | Consumer equipment                         |  |
|                          | Please refer to Our Website and            |  |
|                          | specifications, etc. for information about |  |
|                          | the performance, functions, quality,       |  |
|                          | management, and safety required for        |  |
|                          | the above applications, and use            |  |
|                          | Products after confirming the              |  |
|                          | performance and reliability of the actual  |  |
|                          | Product.                                   |  |

### Appearance & Shape

### Packaging Information

| Packaging | Specifications | Standard<br>Packing<br>Quantity |
|-----------|----------------|---------------------------------|
| -B0       | Bulk           | 250                             |

### **Features**

Ceramic filter CFULB\_Y series are miniature and highperformance filters. These filters, only 6.3mm high, are 65% the volume of conventional types. Well suited for miniaturizing communications equipment, especially for a cellular phone.

#### Features

- 1. Miniature, flat GDT characteristics
- 2. Suitable for a cellular phone
- 3. Avariety of bandwidths are available.
- 4. Operating temperature range: -20 to +80 (degrees C), Storage temperature range: -40 to +85 (degrees C)

# **Specifications**

| Operating Temperature<br>Range | -20°C to 80°C                |
|--------------------------------|------------------------------|
| Shape                          | Lead                         |
| Elements                       | 4                            |
| Center Frequency               | 455.0kHz                     |
| Center Frequency Tolerance     | ±1kHz                        |
| Nominal Center Value           | No                           |
| 6dB Bandwidth                  | fn±6.0kHzmin.                |
| Stop Bandwidth                 | 17.5kHz                      |
| Area of Stop Bandwidth         | [within 40dB]                |
| Stop Band Attenuation          | 23dB[within fn±100kHz]       |
| Insertion Loss                 | 9.0dB[at minimum loss point] |
| Ripple                         | 1.0dB[within fn±4kHz]        |
| GDT Deviation                  | 20.0µs[within fn±4kHz]       |
| Input/Output Impedance         | 2000Ω                        |
| Mass                           | 912mg                        |
