Please download the latest datasheet of CFUKG455KF4X-R0 from the official website of Murata

http://www.murata.com/en/products/productdetail?partno=CFUKG455KF4X-F

# CFUKG455KF4X-R0

# **Applications**

| Unsuitable               | Please be sure to read and comply with     |  |
|--------------------------|--|--|
| Applications             | these "Precautions for use."               |  |
| Specific<br>Applications | Consumer equipment                         |  |
|                          | Please refer to Our Website and            |  |
|                          | specifications, etc. for information about |  |
|                          | the performance, functions, quality,       |  |
|                          | management, and safety required for        |  |
|                          | the above applications, and use            |  |
|                          | Products after confirming the              |  |
|                          | performance and reliability of the actual  |  |
|                          | Product.                                   |  |

## Appearance & Shape

# Packaging Information

| Packaging | Specifications      | Standard<br>Packing<br>Quantity |
|-----------|---------------------|---------------------------------|
| -R0       | 180mm Embossed Tape | 450                             |

#### **Features**

The CFUKG\_X series is comprised of small, highperformance, thin (4.0mm) filters consisting of 4 ceramic elements. The filters exhibit an extremely flat GDT characteristic combined with a narrow bandwidth. The filters are recommended for narrow band digital communication applications.

#### Features

- 1. The filters are mountable by automatic placers.
- 2. The filters can be refl ow soldered and withstand washing.
- 3. They are slim, at only 4.0mm maximum thickness, and have a small mounting area (7.5x6.0mm) enabling flexible PCB design.
- 4. The bandwidth ranges from E to H.
- 5. Operating temperature range: -20 to +80 (degrees C), Storage temperature range: -40 to +85 (degrees C)

#### Attention

1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering.

2. This datasheet has only typical specifications because there is no space for detailed specifications

Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering

# CFUKG455KF4X-R0

# **Specifications**

| Operating Temperature<br>Range | -20°C to 80°C                |
|--------------------------------|------------------------------|
| Shape                          | SMD                          |
| Elements                       | 4                            |
| Center Frequency               | 455.0kHz                     |
| Center Frequency Tolerance     | ±1.5kHz                      |
| Nominal Center Value           | No                           |
| 6dB Bandwidth                  | fn±6.0kHzmin.                |
| Stop Bandwidth                 | 15.0kHz                      |
| Area of Stop Bandwidth         | [within 40dB]                |
| Stop Band Attenuation          | 27dB[within fn±100kHz]       |
| Insertion Loss                 | 6.0dB[at minimum loss point] |
| Ripple                         | 1.0dB[within fn±4kHz]        |
| GDT Deviation                  | 25.0µs[within fn±4kHz]       |
| Input/Output Impedance         | 1500Ω                        |
| Mass                           | 504mg                        |
